DETAILED ACTION

The amendment filed 01/31/2007 has been entered. Claims 1, 5 and 8 were amended. Claim-4 was cancelled. Claims 9 and 10 were newly added. Claims 1-3 and 5-10 as amended are pending with the application.

Response to Amendment

The Declaration under 37 CFR 1.132 filed 01/31/2007 is sufficient to overcome the rejection of claims based upon Tuller et al (US 5,403,461). The declaration overcomes the rejection of claims over Tuller et al cited in the last office action and the obviousness over this prior art. The declaration also overcomes the prior art by Ogata et al (US 6,878,304) and obviousness over this prior art.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-3 and 5-10 are allowed as amended over the arguments by the applicant's and the declaration under 37 CFR 1.132. The newly added claims were fully examined for patentability under 37 CFR 1.104 and an updated search did not result in any new prior art of record that either teaches or fairly suggestive of applicant's sintered body and a thermistor device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
